PROFILE

Artificial Intelligence and Data Science student with hands-on knowledge of Python, Java, C, SQL, and full stack development fundamentals. Demonstrated interest in problem solving. Strong ability to learn new technologies. Seeking an entry-level software role to apply skills and grow as a software professional.

EDUCATION

Bachelor of technology artificial intelligence and data science

New Prince Shri Bhavani College of Engineering and Technology
2023 - 2027
CGPA: 7.85

High School :
Government Boys Higher secondary School : 72 %

PROJECTS

Developed an IoT-based bike fall detection system using sensors to identify accident conditions. The system automatically detects a fall and triggers an SOS alert in real time. Emergency notifications with location details are sent to authorities for quick response and assistance
